MUSIC TOURS

The Moody Bible Institute (MBI), founded in 1886 by evangelist D. L. Moody, teaches the Word of God through a variety of ministries to transform lives around the world. A faith ministry supported by God's people, MBI reaches lives through undergraduate, graduate, and distance education, as well as media such as radio and publishing.

The Music Ministry of MBI has always been a core component of the school's mission. This ministry includes four touring ensembles: the Chorale, the Women's Concert Choir & Bell Ensemble, the Men's Collegiate Choir, and the Symphonic Band. Membership in these groups is open by audition to all undergraduate students. The ensembles tour twice each year, appearing in churches and schools throughout the U.S. and Canada. In recent summers, groups have traveled to Norway, Sweden, Ireland, Scotland, Central and Eastern Europe, Korea, Japan, Africa, Australia, and New Zealand. The ensembles' individual and combined ministries are also a highlight of on-campus concerts and conferences such as Candlelight Carols and Founder's Week.
