LOCK TAO SECONDARY SCHOOL
PROUDLY PRESENTS

TIME COPS

2019-2020

Principal's Note

Our school always aims at providing students an English-rich environment to enable students to use English more often and in more meaningful and realistic ways. We organised many English activities to let students enjoy learning English. Every year, our students learn drama in class and have a chance to perform on the stage in our school hall. They are supported by our teachers and well trained by some professionals. They need to remember all

the scripts and perform the show with confidence. Although the training and practice are very hard, the fruit is sweet. Learning through drama becomes one of our ways to make our students enjoy learning English.

The drama this year has three stories. They are about time traveling and Time Cops. Time Cops are some heroes who go back to the past to save the present. It sounds fascinating. Our school theme this year is "To tackle adversity and have perseverance." We always hope that we can have a time machine to go back to the past and fix the problem we have now. However, instead of imagining we have a time machine, we should strengthen our EQ and AQ to tackle our problems.

I would like to thank all our colleagues for organising this drama. Our school will continue to evolve, excel and implement many ways and means to enrich the English learning atmosphere to assist students in becoming more fluent and competent English learners at the end of the day.

Mr. Choi, Hong Nin

Directors' Note

dovetales

This project has been so much fun to work on with the students. It is always amazing to see how much the students transform from when we first meet them in July to their performance in December. We believe drama is an important tool that can help build life skills that the students will use in every aspect of their lives. In the workshops we have been working on building up their confidence, team work, problem solving and empathy. Thank you to the teachers and principal at Lock Tao Secondary School for being so supportive and helping us in this project! We really enjoy working with you and your students every year. We hope you enjoy the performances!

School Drama Adviser's Note

This is our fourth year delivering English musical.

Aligning with the mission of Principal Choi as well as our teachers' intention to co-create unforgettable memories for our students, the musical enables students to stretch their perseverance and their ability to face adversity.

Students have the experience to recite the scripts and act out specific characters, through performing, singing and dancing in front of the whole school.

We want to share the joy and excitement not only to our school teachers and students, but also to their parents too. Therefore, this year, we invite parents of Secondary 1 and Secondary 2 to witness the exciting moments together.

I would like to take this opportunity to thank the key persons including S2 English teachers Ms. Rachel Chiu, Ms. Celine Chan, Ms. Rosa Li and Ms. Jennifer Wong to make our drama a success. Thanks a lot for their enduring contribution, insights to lead students' performance to a further level, and sharp-eyed ability to sort out any unexpected issues.

Let's break a leg!

Miss Wong, Chak Ki

SFX 14 – SONG

"I WON'T BE AFRAID"

Sometimes the crazy things I think about
Turn my insides inside out.
Whoa oh! Whoa oh!
There's so much flashing on my phone
Did you hear my ringtone?
Whoa oh! Whoa oh!
Hey, I don't need my phone!
I don't need my phone
Whoa oh!
Whoa oh!
Putting down my phone!
Putting down my phone!
So why should I look at my screen?
When I see the world is green.
Whoa oh!
Why can't I just look around?
And let my phone drop to the ground.
Whoa oh!
Hey!
Hey!
Hey, I don't need my phone!
I don't need my phone
Whoa oh!
Whoa oh!
Putting down my phone!
Putting down my phone!
