AN INTERVIEW WITH PRINCIPAL WONG

Principal Wong has served our school for almost two years. Apart from seeing him welcome us with his gentle smile at the school entrance every day, what else do you know about him? We have interviewed him recently. We hope you can know more about our principal.

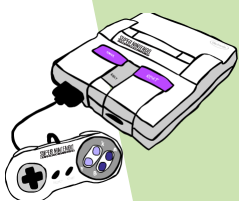

Favourite food

Our principal is such a foodie! His favourite food is seafood, such as lobsters, prawns, and crabs. Also, our principal loves Japanese food, especially sushi. Thus, now you know where we can bring our principal for lunch!

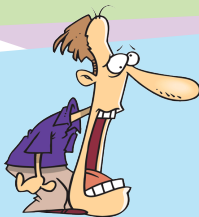

Leisure activities

Principal Wong did play some TV games in the past! He used to play sports games, such as FIFA. But now he likes playing tennis and swimming. He usually plays sports with friends. Because of Covid-19, he mostly workouts alone. He usually goes cycling and running.

An embarrassing moment

Two years ago, Principal Wong's daughter was taking the HKDSE. As a caring father, he was responsible for buying takeaways during the pandemic. One day, when he was heading to a supermarket to buy food, he suddenly realised that he had forgotten to wear a mask while people around him had masks on their face. He felt so shocked and embarrassed! So he ran home like a speedy train and got himself a mask before returning to the supermarket! Poor Principal Wong!

Life goals

Our principal has become a Christian since he studied in primary school. His strong faith in God is the key to steering him towards his life goals. He believes God has prepared him with a plan to serve others. With his strong determination and hard work, he will do his best and not make God disappointed.

Three important messages to Locktaonians

Firstly, **be grateful**. Many teachers and staff members have put in great effort to create a conducive learning environment for us to grow and become well-rounded individuals. He hopes that we can be grateful and treasure what we have. The more grateful we are, the happier we will be.

Secondly, **be positive**. Life is full of ups and downs. No matter what challenges we face on our worst days, we should always stay optimistic and positive.

Lastly, **make more friends**. Our principal suggested we should make more friends as the friendship established in the schooldays tends to last longer. The overwhelming support from friendship can help us cope with any difficulties and face the ever-changing world.

The bible scriptures that drive our principal forward

There are quite a lot of Bible scriptures that give our principal strength. Among all, he found Psalms 1:1-3 the most impressive.

"Blessed is the one who does not walk in step with the wicked or stand in the way that sinners take or sit in the company of mockers, but whose delight is in the law of the Lord, and who meditates on his Law Day and night. That person is like a tree planted by streams of water, which yields its fruit in season and whose leaf does not wither— whatever they do prospers." (Psalms 1:1-3)

Our principal strongly believes God is his source of strength. Therefore, he has strong faith in God instead of relying on his own wisdom. He believes if he follows what the Bible says, he will have the wit, courage and drive to face everything lying ahead.

Now you should have more ideas about Principal Wong. May God bless and guide him to lead our school to step forward in the coming years.

Cherish our companion Share our love

Despite the class suspension, students were still able to attend a number of meaningful activities throughout the year. They could get different opportunities to learn outside the classroom and enjoy the wonderful moments with their teachers and friends. These activities greatly helped develop their perseverance and positivity.

S.2 DRAMA PERFORMANCE

SYNOPSIS

The worker ants, soldier ants and queen ant reside in the ant colony. The worker ants are tired of working, and the crickets lure them to sing and dance together. Later, the worker ants abandon their post to party with the crickets. During the party, the worker ants realize the lifestyle of the crickets are not sustainable, so they leave and head back to the colony. Back at the colony, the worker ants admit their mistakes, and continue to prepare for the freezing winter. Winter finally arrives and the ants gather enough food to survive.

The Ants and the Crickets

I am pleased to participate in this year's drama and act as one of the worker ants. I have become more confident in speaking English. Also, I have learnt the importance of teamwork. This drama performance is a wonderful memory for me.

2A CHEUNG YUI YAN

I found the show fantastic because all the performers could work happily together and we didn't miss any lines. Also, I liked the costumes, which were so cute.

2A ZHAN SO KI

Through this drama performance, I have learnt how to work as a team and how to communicate better with my classmates and teachers. It was hard to imitate the stage movement taught by the tutor, but my classmates were very kind to support me in developing the drama skills.

2B ALIEZAH

This drama performance made me more confident in acting and speaking English in front of others. Also, I found the show educational. It reminded us to work hard to prepare for the future.

2B TAYYEB

I found the show excellent because it was educational. I have learnt that we need to prepare for our future. In addition, I realized that team spirit and effective communication skills are important. I think we have already done our best though there is still room for improvement.

2D CHONG YUN SI

Our English Week was held from 20 June to 24 June this year. A variety of fun activities were organised for students to enjoy, including poster design competition, game booths and S2 drama performance. With the plentiful activities arranged during our English Week, students could learn English at their own pace in a relaxing yet fun environment.

OUR DRESS SMART DAY

2A LAM CHO YI, CHERRY

Dear Rita,

How are you? I hope you're doing well. I can't wait to tell you about our school's 'Dress Smart Day'. I was so excited about it.

Our Dress Smart Day was held yesterday. I wore a light purple cheongsam because I like traditional Chinese clothing very much. I designed this cheongsam myself after detailed research. For the accessory, I wore a red rose hair clip and for the footwear, I wore a pair of flowery flats to match my cheongsam.

In this event, I found my classmate, Eva, a cosplayer. She played the role of Kocho Shinobu, which is one of my favorite characters in Demon Slayer. She dressed so spectacularly that I voted for her as the best model.

The judges, including our Principal and class teachers, examined the costumes designed by every schoolmate. Apart from the judges, each participant could have a vote to pick the winners.

You know, the final result was so unexpected. I won the championship! I could visit certain famous fashion factories! I really cherish this opportunity as I think I can develop a better dress sense from the visits.

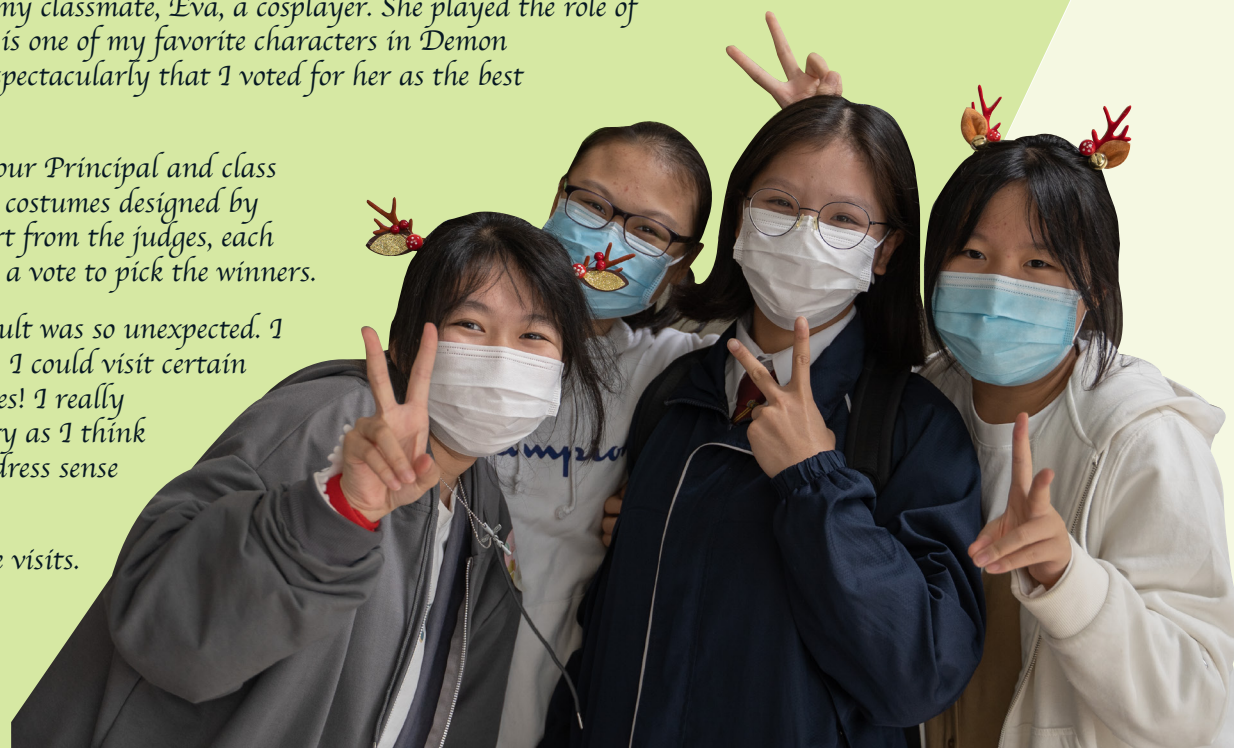

Tell you more after the visits.
Bye for now.

Love,

Cherry

3A TANG CHUN CHUN

Hi Kathy,

How're you? I haven't seen you for a long time. I'm glad to hear that you've successfully applied for an exchange at my school.

Most of our teachers are caring. They are committed to nurturing our personal growth. Most of our students, especially my friends, are nice. They always stand by me on my worst days. There are many subjects to study in S3, like History, P.E. and Visual Art. We have three exams within a school year. I always study hard for the exams to get good grades.

Our school offers many ECA, such as English drama and Korean hip-hop, to promote students' whole-person development. You had better apply for the activities you are interested in as fast as possible because the enrollment application is first come, first served.

I hope you find this email helpful in understanding more about my school. I look forward to seeing you and having lessons with you in the same campus!

Cheers,

Elly

SPORTS DAY AT LTSS

4B LEUNG CHEUK TING

Hi John,

How are you? I am writing this email to share my happiness with you. I joined the school's annual Sports Day and won a gold medal in one of the sports events.

The Sports day was held from 9 am to 5 pm on 13th September. It was a sunny day. Before 9 am, I stretched my body in order to have an excellent performance in the sports event. I have participated in a 200 sprint. I was confident about winning the championship because I had done intensive practice with my coach before the competition.

At the beginning of the competition, my rivals outperformed me and I was under great stress. However, with the spirit of sportsmanship, I did not give up. I used my last power to dash towards the finishing line. Finally, I beat my opponents and won the gold medal. Many classmates came to celebrate my victory. Also, the cheering team made me feel a huge sense of belonging.

At the end of the Sports Day, my Principal presented me the medal. It was a great honor to me.

Drop me a few lines whenever you're free.

Best wishes,

Chris
