索書號 : 805 0175 2013

著/編者 : Rosalind Fergusson  
出版年份 : 2013 年  
登錄號 : C25069

Do you know what is the meaning of 'idiom'? According to dictionary.com, it is 'an expression whose meaning is not predictable from the usual meanings of its constituent elements, as *kick the bucket* or *hang one's head*, or from the general grammatical rules of a language, as the table round for the round table, and that is not a constituent of a larger expression of like characteristics.'

Idioms are very common in both written and spoken English and they are natural to native speakers of a language.

Learning idioms and applying them in our speech and writing can improve our rhetoric in spoken and written communication.

As idioms are figures of speech that cannot be interpreted from the literal meaning, it is advisable that we learn some common idioms and memorize them. This book *Idioms In Action* aims to introduce some common idioms to readers and it is interesting to find the equivalent Chinese idioms and proverbs. There are explanations of the idioms, sample sentences and what's more, the meaning of the idioms are presented in comics.

Do you want to know what is 塞翁失馬焉知非福 in English? Grab this book and you will find the answer. Reading this book is fun and educational.
